| 2.7 lbs | 22 lbs | 44.1 lbs |
|---------|--------|----------|

GAIA GREEN ORGANICS Greensand is mined from ancient, nutrient-rich deposits of oceanic sediment. Over time, this sediment developed into glauconite, which is highly effective as a plant nutrient used to improve the mineral content of soil and other growing media. GAIA GREEN ORGANICS Greensand is gentle on plants and won't cause root burn.

DERIVED FROM:

Greensand.

BENEFITS:

- Gaia Green Greensand is a mined iron potassium silicate mineral from ancient seabeds.
- A natural source of potassium, iron, magnesium, and manganese.
- Improves friability of hard soils, as well as moisture and nutrient retention.
- Gaia Green Greensand is in its pure, unadulterated form with no synthetic additives or chemicals.

| GUARANTEED ANALYSIS: | |
|-----------------------------------|-------|
| Soluble Potash (K ₂ O) | 0.2% |
| Magnesium (Mg) | 0.5% |
| Iron (Fe) | 0.1% |
| Manganese (Mn) | 0.05% |

GAIA GREEN ORGANICS Greensand is approved for use in organic agriculture by California Organic Input Material (OIM) Program (in compliance with the California Fertilizing Materials Law and Regulations and the USDA National Organic Program Standards).
