

WORM CASTINGS

AVAILABLE SIZES:

1.7 lbs	26.8 lbs
---------	----------

GAIA GREEN ORGANICS Worm Castings are the unprocessed manure of earthworms. This all-purpose soil amendment provides organic matter to condition soil for improved plant performance. Apply as a top dressing, side dressing, or work into soil for outstanding growth.

SOIL AMENDING INGREDIENT:

Earthworm castings.

BENEFITS:

- A premium vermicompost produced with African nightcrawlers fed a diet of peat moss and organic grains.
- Loaded with beneficial microorganisms to enhance nutrient availability and improve soil quality.
- High organic matter content improves soil nutrient and water holding capacity.
- Improves soil structure, which enhances aeration and drainage properties.

SOIL AMENDING INGREDIENTS:

Earthworm Castings 100%

GAIA GREEN ORGANICS Worm Castings is approved for use in organic agriculture by California Organic Input Material (OIM) Program (in compliance with the California Fertilizing Materials Law and Regulations and the USDA National Organic Program Standards). GAIA GREEN ORGANICS Worm Castings is approved for use in organic agriculture by the Organic Materials Review Institute (OMRI) (in compliance with the USDA National Organic Program Standards).
